1. COMMONWEALTH GAMES

1.1 DEFINITION

Fullbore rifle shooting is contested as a Commonwealth Games sport with competition every four years, interspersed with the Olympic Games, i.e. 1990, 1994, 1998, 2002, 2006, 2010.

1.2 BRIEF HISTORY

Australia first fielded a fullbore team in 1978 and at each subsequent Games with marked success.

1.3 TEAM COMPOSITION

Teams are restricted to two (2) firers and one manager from each member country.

1.4 SELECTION PROCEDURES

Two shooters and one reserve will be selected by the NRAA for endorsement by the National Peak Body (AISL). Selection of firers shall be based on an elimination process over an endorsed program of Australia Cup events. The Manager shall be selected by the two successful firers or alternatively by calling of nominations.

1.5 TEAM MANAGER

The Manager is responsible for the logistical support of the team and should be competent in the areas of administration, travel, finance, sponsorship and international protocol. The Manager will prepare a financial budget. Within a period of two months after the conclusion of the Match, the Manager shall submit a statement of accounts detailing how grants and other team funds were expended.

1.6 COMPETITIONS

The rules for competition are laid down by the CGF.

1.7 GENERAL

Rifles, equipment, position, targets, scoring and conduct of shooting shall be in accordance with the current Rules as approved by the CGF.

1.8 UNIFORM

As prescribed by the Australian CG Association.

2. COMMONWEALTH SHOOTING FEDERATION CHAMPIONSHIPS

2.1 DEFINITION

The Commonwealth Shooting Federation (CSF) Championships are generally conducted in the year prior to the Commonwealth Games (CG) on the CG venue range. They have been scheduled at other times in the past.

2.2 TEAM COMPOSITION

Teams are restricted to three (3) firers and one manager from each member country. Generally the two selected members of the CG Team will compete in the Pairs match and the reserve or third shooter will compete in the Badge match. All members compete in the Individual "Queens Prize" competition.

2.3 SELECTION PROCEDURES

As per the CG Team.

2.4 TEAM MANAGER

The Manager is responsible for the logistical support of the team and should be competent in the areas of administration, travel, finance, sponsorship and international protocol. The Manager will prepare a financial budget. Within a period of two months after the conclusion of the Match, the Manager shall submit a statement of accounts detailing how grants and other team funds were expended.

2.5 COMPETITIONS

The rules for competition are laid down by the CSF.

2.6 GENERAL

Rifles, equipment, position, targets, scoring and conduct of shooting shall be in accordance with the current Rules as approved by the CSF.

2.7 UNIFORM

As prescribed by AISL.

3. OCEANIA TEAMS

3.1 GENERAL

Entry is open to affiliate member countries of the Oceania Shooting Federation. It is a multi disciplined event. NRAA are invited to submit teams. All individual entries must be nominated by the National Body. All teams across the board are 3 person teams. Each country is permitted to field a maximum of 2 teams per section. A Manager shall also be appointed. Rules and Conditions are as per the Oceania Shooting Committee submitted at time of competition.

3.4 TEAM MANAGER

The Manager is responsible for the logistical support of the team and should be competent in the areas of administration, travel, finance, sponsorship and international protocol. The Manager will prepare a financial budget. Within a period of two months after the conclusion of the Match, the Manager shall submit a statement of accounts detailing how grants and other team funds were expended.

3.5 UNIFORM

As prescribed by AISL.

4. WORLD LONG RANGE TEAM CHAMPIONSHIPS

4.1 HISTORY

This World Long Range Team Shooting Championship Match began in 1876 at Creedmore, USA. It was then known as "The Great Centennial International Long Range Match". Two years later in acknowledgment of a generous donation of \$1000 by Senator Palma it was renamed The Palma Match.

The inaugural match in 1876 in which an Australia Team competed, was won by the United States. It is the oldest international match still fired in the world and has continued despite changes of technology in equipment from muzzle loading rifles to our present high powered rifles and saw the introduction of the canvas target. The first telephone communication used on a rifle range was during the Palma Match in 1897.

This match was not fired regularly; no doubt travel arrangements and costs were a contributing factor. In 1901 match conditions were adopted that formed the basis of the present competition: one days shooting of fifteen shots at 800, 900 and 1000 yards with teams of eight using rifles of the type used by the military arm of that country. In 1903 Great Britain hosted the match and Australia competed for the second time. US, Canada, France, Natal and Norway also competed. Russia accepted, however their use of the Julian calendar led them to believe the match would be fired 13 days later. United States won the match, but the rifles they used were plainly not of the type used by their military arm. Following an exchange of correspondence regarding this matter, the match was declared void and the trophy returned to England, where it was accepted without claim to victory. Competitions were fired in 1907, 1912, 1913, 1924 and 1928.

The Palma Trophy was turned over to the United States Government in 1925 and in 1930 the trophy was hung on the wall of the State War and Navy building near the entrance to the office of the Secretary of War. That was the last that was heard of it, the 2 metre (approx) high trophy simply disappeared.

The match was then not fired until 27th August 1966 at Camp Perry and since at intervals of one, two and three years, the longest run being yearly from 1966 to 1974. The administration & conditions has undergone changes. Once the host nation supplied the rifles which could be purchased by the competitors, now the competitors provide their own. In October 1977, the rules were revised to overcome problems regarding cost of promoting the match at unspecified intervals. The match is now a triennial event and some variation to team size is permitted. Metric distances were also a recognised alternative; in addition matches at other distances may be approved. After 1982 rifles approved for use by the Palma conditions must be within criteria of those approved by the various national bodies, however, ammunition must be supplied by host countries on request.

In 1985 a Palma Council was raised consisting of one representative from each National Association or Federation that had participated in three Palma Matches. At the meeting of the Palma Countries in Bloemfontein, South Africa, it was agreed to rename the Palma Match, The World Long Range Shooting Championships.

At the meeting of the International Confederation of Fullbore Rifle Associations [ICFRA] in July 2003, it was unanimously agreed by all full member countries of ICFRA that ICFRA would manage and control the WLR Teams Championship [which would compete for the PALMA trophy (team) and Fulton Trophy (individual) and the WLR Individual and the World Veterans Championships.] All rules and conditions will be set by ICFRA and cannot be changed from country to country.

4.2 DEFINITION

This specialised long range teams match is open to all shooting countries to contest the Palma Trophy over ranges 800, 900, 1000 yards or 700, 800 and 900 metres as applicable.

4.3 TEAM COMPOSITION

The rules re team composition have varied although currently the teams consist of sixteen (16) firers, four (4) wind judges, one (1) team coach, one (1) captain, one (1) manager and two (2) reserve shooters. Maximum team size is 25.

4.4 SELECTION PROCEDURES

NRAA Selection Criteria as approved at the time. Refer to Section 7 for further details.

4.5 COMPETITIONS

The rules and conditions for the match are set by ICFRA which meets at each Championship.

5. AUSTRALIA MATCH

5.1 HISTORY

In 1906 Col. J M Templeton CMG, Chairman of the Commonwealth Council of the Rifle Association of Australia, announced in Bisley the commencement of an Imperial Match and invited the NRA of Great Britain to compete in Australia. By 1907 it was confirmed that a team from Great Britain would visit and a public fund initiated by General Hoad rapidly raised 250 pounds. A challenge shield constructed entirely out of Australian materials was designed and made by the firm of Messrs Linton & Vanzetti of Perth, WA.

The first "Empire Match" was held at Randwick Rifle Range between teams of eight from Australia, Great Britain and New Zealand. Match conditions were ten counting shots over 200, 500, 600, 800, 900 and 1000yds. The match was won by Australia. [A. Cutler, who top scored for Australia with a four point lead over all team shooters, was the father of a future Governor of NSW, Sir Roden Cutler]. In 1910 the shield was taken to Bisley by Lt.Col. JJ Paine and was won by GB and remained in the care of the NRAGB. In 1987 the trophy was returned to Australia and was refurbished by the Sydney firm of Amor-Sanders.

A condition of competition is that Australia must always be present before the trophy can be competed for. As a result, it is one of the most prestigious events in the international shooting calendar. Australia has (up until 2008) won the match on 19 occasions. In 1988 Australia's Bicentennial year, this match was renamed the Australia Match and the competition, formerly restricted to member countries of the Commonwealth, was opened to all shooting nations allowing the United States to compete for the first time. Countries who have competed are New Zealand, Great Britain, Canada, India, South Africa, West Indies, Rhodesia, Jamaica, Channel Islands, Kenya, Jersey, Guernsey, Bermuda, United States. Participation of an Australian Team remains as the main criteria for staging the match.

5.2 DEFINITION

The Australia Match has been acknowledged as the most prestigious international match alongside the WLRTC (Palma Match). In 2003, it was agreed that the Australia Match was to be controlled by ICFRA and it will generally be scheduled at four year intervals in between Palma Matches. It now may be contested at any international meet at which Australia has a team in attendance.

5.3 SELECTION PROCEDURES

If selection is necessary from a touring team, it will be made by team management using current performance data. If the match is to be contested by dedicated arrangement the team will be selected as per current Selection Policy. Refer to Section 7 for further details.

5.4 CONDITIONS

The Match may only be conducted when an official Australian team is present and competing. ICFRA is now the controlling body for setting future matches and rules and conditions.

5.5 TEAM COMPOSITION

Teams shall consist of a Captain, a Manager, Master Coach, two Coaches, ten Firers and two Reserves; a total of 17 team members. Two reserves are included in the 17, who shall count as part of the team, and may assist the team in any capacity at the firing point, excepting Captaincy, coaching or firing, i.e. reserves may spot, plot, score, check score etc. If one of the other team members falls ill and is unable to continue, a reserve may take his/her place.

5.6 DISTANCES

Shot over 300, 600, 900 and 1000 yds or 300, 600, 800 and 900m. Combinations of imperial and metric distances are permitted if the range is configured as such, eg Connaught range in Canada.

5.7 NUMBER OF SHOTS

Each firing member of the team shall fire two sighting shots (convertible) and ten shots to count at each distance.

5.8 SIGHTING SHOTS

Two sighting shots, of which the second or both may be converted, are permitted at each distance. 7. OFFICIAL AUSTRALIAN TEAMS

7.1 DEFINITION

Official Australian Teams will be sanctioned and administered by the NRAA Limited and shall be representative of the best possible markspersons available from within the States and Territories of Australia.

7.2 COMPETITIONS

Invitations received or extended by the NRAA to contest international events will be considered on their merits, with due notice given and within funding budgets, will view favourable all international competition. When travelling to other countries the NRAA will extend an offer to contest the Australia Match during the programme.

7.3 SELECTION PROCEDURES

The current NRAA policy of team selection will prevail. The Board will select the Captain. The selection Panel will consist of: The Captain, NRAA Competition Director and one other, appointed by the Board. Where a possible conflict of interest exists with NRAA Competition Director, the Board may call for nominations for and/or appoint an alternative selector. The Selection Panel will base their selections for the team on, but not limited to, performances that can include trials, interviews, past Oceania, Trans Tasman, National Teams, State Teams, Queens and Australia Cup results. The Selection Panel will submit their recommendations to the Board for formal ratification prior to making any announcements.

7.4 TEAM CAPTAINS

The shooting Team Captain will take full responsibility for the competitive performance of the appointed team. The Captain shall be a competent shooter and tactician and worthy of respect from Australia's elite performers. Immediately after appointment the Captain will submit to the NRAA for approval a training and preparation programme, complete with a request for any special support i.e. technical, coaching, financial.

Within two months after the conclusion of the Match, the Captain shall submit a report detailing the Team's performance with recommendations for consideration by the Board for future teams.

7.5 TEAM MANAGERS

A Manager is responsible for the logistical support of the team and should be competent in the areas of administration, travel, finance, sponsorship and international protocol. The Manager will assist the Captain to prepare a travel programme and financial budget. Within a period of two months after the conclusion of the Match, the Manager shall submit a statement of accounts detailing how grants and other team funds were expended.

7.6 UNIFORMS

All sanctioned Australian Teams will wear the official NRAA uniform with the NRAA logo. Use of the Green blazer with the Australian Coat of Arms is restricted to the open Australian Team in the Palma and Australia matches only. The NRAA will provide, free of cost, a blazer pocket, tie and hatband to a shooter who makes the team for the first time. All other costs of uniforms shall be borne by the team members. If teams are supplied with other items of clothing by the NRAA, then the costs of these may be deducted from funding amounts due to each member.

All members of official Australian teams shall be required to wear a blazer with an embroidered pocket. Formal uniform dress ("No 1s") for males, shall be blazer, long sleeve white business shirt and current NRAA tie. The colour of trousers and shoes may be varied by the Team Captain, subject to approval of the Board.

Female members shall also wear the official blazer with an ensemble of blouse/skirt/trousers to the approval of the Captain.

Teams may choose an informal uniform dress ("No 2s") of optional 'polo' shirts and/or track suit-type jackets, but are to liaise with the NRAA in order to standardise on designs.

7.7 TEAM FUNCTIONS

Teams will arrange to be represented at all functions and ceremonies for which invitations have been received. The Captain and Manager will determine which level of representation is required to satisfy the expectations of the host.

7.8 GUIDELINES FOR CAPTAINS

Contact team members after selection and obtain details of their equipment, especially check (in co-operation with the team armourer) on barrel requirements for the ammunition to be used on tour. Utilise past Captains experience. Organise, in co-operation with the teams training coach (if applicable), training programmes and practice sessions. If Matches which include 1000yds are to be fired on tour eg Palma and Australia Match, concentrate practice at that distance.

Discuss itinerary with Manager and arrange as much practice on arrival as possible. Try to arrange to arrive a few days before shooting starts to help shooters overcome the effects of jet lag. Talk to previous captains and/or members of previous teams to the venue you are going to, to find out any possible problems that might occur.

7.9 GUIDELINES FOR MANAGERS

Contact the Captain as soon as possible after team appointments have been made. Contact team members and ascertain those that need Australian blazers etc. Uniforms: Arrange team giveaways and gifts for opposing Captains and host country officials. Ensure you have enough, something Australian and suitably engraved. Contact Customs at your port of arrival and advise of your arrival flight number and time of arrival and enquire if any special documentation is required. Take their response letter with you it can be a great help when you arrive and a customs officer becomes difficult.

For Bisley teams, contact NRAGB for information re Surrey Police permits. Advise team members to obtain the necessary Australian customs forms and have them stamped at their nearest customs office. Ensure all team members have their State Firearms License with them. Arrange in co-operation with the team armourer for a supply of spare parts etc.

Liaise with Captain and travel agent re itinerary etc. Allow as much time as possible to overcome the affects of jet lag after arrival at your destination. Arrange for accommodation at the shooting venue well in advance. Seek sponsorship wherever possible. Raffle donated prizes - seek holiday from airlines? Etc

Be prepared to travel a day or two in advance of the main group to ensure all arrangements are in hand before the party gets there. Be conversant with all travel arrangements, and reconfirm all flights, bus transport and accommodation well beforehand. Seek out other past Managers for any information you may need.

23. AUSTRALIA CUP

This competition is deemed essential training for Australian competitors for international events. Australia Cups (AC) conducted each year will also be used for selection into the Commonwealth Games, the Commonwealth Shooting Federation Championship events and Oceania Shooting Federation Championships.

Australia Cups will be conducted as scheduled by the NRAA to provide an appropriate selection path for the relevant upcoming event. Each Australia Cup shall be conducted immediately following the relevant NRAA Annual Championship or State/Territory Championships as scheduled.

23.1 COMPETITOR ELIGIBILITY

Competitors must nominate in advance to the NRAA on the required entry form for each Australia Cup. Each event is limited to a maximum of 30 places, so therefore the eligibility requirement is as follows in order of importance:

1. Represented Australia in a Commonwealth Games (Fullbore TR) in the period of seven years prior to the AC being nominated for.
2. Represented Australia in a CSF (Fullbore TR) team in the period of five years prior to the AC being nominated for (includes third shooter in team if applicable).
3. Represented Australia in an Oceania (Fullbore TR) team in the period of five years prior to the AC being nominated for.
4. Finished in the top 15 of any of the previous three Australia Cups.
5. Finished in the top 50 of the World Individual Long Range Championships (Fullbore TR) at the WILRC immediately preceding the AC being nominated for.
6. Won a National or State Champion of Champions event in the period of one year prior to the AC being nominated for.
7. In any state or country, won a Queens Prize or equivalent (Fullbore TR – 'A' Grade) in the period of three years prior to the AC being nominated for.
8. Represented Australia in an Under 25 or Under 21 Team in the period of five years prior to the AC being nominated for – limited to a maximum of four per AC if each of these competitors does not satisfy any other higher eligibility criteria.
9. By order of ranking on the most current NRAA National A-Grade Target Rifle Rankings as shown on the NRAA web-site. Ranking should not be greater than 100.

In the circumstances where the number of nominations is in excess of the places available, the above eligibility criteria will be applied by the NRAA to determine the makeup of the field for each Australia Cup. Unsuccessful applicants are encouraged to apply for subsequent Australia Cup events as not all competitors are expected to compete at all events.

23.2 SELECTION CRITERIA AND PROCESS

Selection for the Commonwealth Games, the Commonwealth Shooting Federation Championship and Oceania events will be based on rankings determined by aggregate scores achieved on the scheduled Australia Cup event program. Rankings will be compiled from the following:

- The best four Australia Cup Match results to include at least one result achieved at Belmont following an NRAA Queens.
- The best four Pairs Match results to include at least one result achieved at Belmont following an NRAA Queens.
- The best four Queens results to include at least one NRAA Queens result.

In circumstances where no Australia Cups have been conducted within a period of twelve months prior to the requirement to select a team, then the NRAA may revert to a selection process with a revised order of criteria to that shown above in the 'Eligibility' section. All selections are subject to endorsement by AISL.

23.3 AUSTRALIA CUP COURSE OF FIRE

- Individual Bisley Style - 10 shots at 300, 500, and 600 yards/metres
- Individual Bisley Style - 15 shots at 900 and 1000 yards/800 and 900 metres
- Coached Pairs - 15 shots at 1000 yards/900 metres

23.4 POINTS ALLOCATION

Points will be accrued and retained for the best four of the previous six Australia Cup Individual, Australia Cup Coached Pairs and Queens Events as follows:

| 18 th | 0 | 0 | 0 | 0 |

Points in Queens Events will be awarded based on the number of the 'A' Grade OR 'Open' Queens Badge, not the finishing order of those entered to compete in the Australia Cup on the following day. Based upon the table above the maximum ranking points that a shooter can accrue is 384. Also note comments below regarding adjustments to points allocated due to weather interruptions.

23.5 MATCH CRITERIA

- The event must be shot Bisley style, preferably two to a target or three to a target where the range has insufficient targets at 1000 yards/900m.
- SSRs will apply, with approved modifications to accommodate the Bisley style course of fire. Refer to the section below on "Bisley Style Shooting" for details of rules applying.
- Maximum 30 competitors, but may be restricted to less depending on target availability.
- Substitute shooters, to make up even numbers, are not permitted.
- Competitors must supply their own ammunition.
- A nominal entry fee will be charged to offset range costs. This must be paid to the NRAA with the nomination form. In the event that there are more nominations than places available, the unsuccessful nominees will have their money refunded.
- Sighters are convertible.

- Pairs shall be comprised from the results of that day's prior individual Australia Cup competition, with 1st place teaming with 2nd place, 3rd place teaming with 4th place, etc. If there are an odd number of competitors, then the last place does not compete in the Pairs Match and is awarded no points. Each pair shall determine their order of fire and the method of wind-coaching. Each Pair will keep their own score, but check-scorers should be provided. Only the aggregate score of each Pair counts for award of points.
- The Pairs Match shall be shot in one detail with a total of 45 minutes allocated.

'Bisley Style' Shooting (based on CSF and ICFRA rules modified by the NRAA for this match)

1. Competitors will be squadded either two or three to a target.
2. Squadding will be random and as advised by the RO.
3. *The time allowance in the Individual match is 60 seconds per shot when there are two competitors firing on the target, or a competitor is firing singularly with a check scorer: this becomes 45 seconds if there are three competitors on a target. Timing starts when the target has come to rest at the top of its travel, or the point at which any query as to the value, protest or challenge has been disposed of by the RO. [Altered to match 2006 CSF/CG rules]*
4. If the targets have been pre-exposed, to allow sight aperture adjustments, etc., timing for the first shot will be from the order to commence firing. If the targets have not been pre-exposed, timing will commence when the competitors on the target signify that they are ready.
5. A competitor, timed by a RO and found to have taken too long, will be given one warning. Thereafter, the competitor will forfeit the value of the first shot which the RO has personally timed and found to have exceeded the time limit. For each subsequent shot outside the time limit, the competitor will forfeit the value of each shot in question. These penalties apply only within the distance being shot, and are not 'carried forward' to subsequent shoots.
6. When called forward by the RO, competitors on each target will position themselves on the firing point, in relation to the target lane number as specified in local regulations.
7. The RO will then check for any target on which there is only a single competitor and rectify the situation by moving one or more competitors. Only in exceptional circumstances may a competitor fire on their own, in which event the RO must detail a check scorer to keep score.
8. The RO will allow a minimum of five minutes preparation time before the "commence firing" order. One or more targets may be previously exposed for sighting and dry-firing purposes in accordance with local practice.
9. A competitor, who arrives during or after that preparation period, forfeits their right to shoot and may *only* be permitted to shoot if it does not inconvenience the other competitors on that target, and on penalty of 1 point deducted from the late comer's final score. No competitor is to be allowed to get down to shoot after the first shot has been fired on the target in question.
10. Competitors on each target will act as scorers for one another. In each case, a competitor will score for the competitor who fires immediately after them. This means that, with threes, the left and middle competitors will pass their scorecards to the right and the competitor on the right will pass their scorecard to the competitor on the left. If there are two competitors, they will just exchange scorecards.
11. Competitors on a target will fire single shots alternately, or in rotation, starting with the competitor on the right.
12. A competitor who misses the target with four consecutive shots (whether including sighting shots or not) must stop firing until the others on the target have finished. The competitor may then complete the shoot, but will

not be allowed an extra sighting shot. The detail will not be extended to facilitate this, however.

13. Competitors must remain in the prone position until all on their target have completed the shoot. They may then retire from the firing point, after completing their scoring duties and rifle safety checks, provided they do not disturb competitors who are still firing on adjacent targets.

23.6 MATCH FORMAT

The approved format is as follows:

| Two to a Target | Item | Shots | Three to a target |
|-----------------|-------------------------------------|----------------------|-------------------|
| 08:00 am | Assemble/Briefing/Draw | | 08:00 am |
| 08:30 am | 300 yards/metres | 2 optional + 10 | 08:30 am |
| 09:30 am | 500 yards/metres | 2 optional + 10 | 09:45 am |
| 10:30 am | 600 yards/metres | 2 optional + 10 | 11:00 am |
| | Break | | |
| 12:00 pm | 900 yards/800 metres | 2 optional + 15 | 12:30 pm |
| 01:15 pm | 1000 yards/900 metres | 2 optional + 15 | 2:15 pm |
| 3:00 pm | 1000 yards/900 metres – Pairs Match | 2 optional + 15 each | 4 pm |
| 4:30 pm | Presentation of Medals | | 5:30pm |

The format may be modified by the NRAA to suit local circumstances, eg earlier starting time or two to a target at the short ranges and three to a target at the long ranges. In the event of weather, preference shall be given to completing at least one of the Individual Match long ranges. If ranges are lost due to weather, then the NRAA may allocate points proportionate to the number of ranges completed in the Australia Cup event. [Note: Points as listed will be awarded in the Queens regardless of the number of ranges completed, provided it is not a total washout.]

23.7 AWARDS

- AISL Gold, Silver, Bronze medals to Individual Aggregate winners
- Two Gold NRAA Medals to the Pairs Match winners

If the Australia Cups are being held for elimination events for the Oceania Championships where Women and Intermediate (Under 25) Teams will participate, then the NRAA may at their discretion also award the following:

- Gold NRAA medal to Top Woman
- Gold NRAA medal to Top Under 25 (as at the day of the AC match)

23.8 RANKING LIST

The current ranking list will be maintained at the NRAA Office and will be published in each Australian Target Rifle magazine and on the NRAA web-site shortly after each Australia Cup.

24. ROYAL KALTENBERG WORLD TARGET RIFLE CHAMPIONSHIP CUP

24.1 HISTORY

The Royal Kaltenberg Cup is the property of Mr Geoff Ayling who has donated the trophy for perpetual competition, which was inaugurated in Perth September 2001.

The Cup was first competed for in 1980 at Bisley. The competition consisted of 12 finalists firing two sighters and string of 20 counting shots at 1,000 yards. Mr Geoff Ayling was the outright winner of the Cup.

The Cup will be retained in perpetuity by the NRAA and will not leave Australia.

Should any State Association wish to have the Cup on display for the competition, then the cost of transportation of the Cup, from and to NRAA, will be borne by the Host State.

24.2 CONDITIONS

The Cup may be contested at any international event at which an official Australian touring team is in attendance. NRAA to duly notify the country concerned, should they wish to avail themselves of the competition.

Nationally the Cup may be competed for at a State Queens when the Open national Teams event is conducted. The final 20, or a number as agreed by NRAA at their discretion, of the Queen's Grand Aggregate qualifying [i.e. aggregate of lead up and Queens]

24.3 AWARD

A suitable trophy will be presented to the winner by the NRAA. In addition the NRAA will have the base of the trophy engraved with the winners name and score, NRAA logo badge [burgundy & silver to be awarded], supplied by NRAA.

24.4 DISTANCES

The event will be conducted over the distance of 1,000 yards. Two optional sighters, with 15 counting shots.

24.5 AMMUNITION

The approved factory hand load or loaded round of the country in which the competition is being held, or the country of the competitor.

24.6 RIFLES

Rules prevailing of the host nation.

24.7 TIME LIMIT

As per Standard Shooting Rules of NRAA.

24.8 NOTES

These conditions can not be altered without the joint approval of G Ayling and the NRAA.
